MODERATOR

NATRAH IKHSAN

WAS-APC Treasurer
Universiti Putra Malaysia

WEBEX ID : <https://bit.ly/3wmLsiz>

REGISTRATION LINK : <https://forms.gle/dFmubq7bz9GTnRJs5>

INVITED SPEAKERS

PATRICK SORGELOOS

Ghent University

Better disease prevention through more targeted microbial management: new scientific findings

ROBINS P. MCINTOSH

Charoen Pokphand Foods

The application of water recycle and recirculation in an inland shrimp hatchery to obtain microbial stability and superior results

KARI ATTRAMADAL

Norwegian University of Science & Technology

AND

Application of microbial management in commercial hatcheries

MONTAKAN TAMTIN

Department of Fisheries
Thailand

Improved microbial management in outdoor pond shrimp farming in Thailand: Integrated zero exchange recirculation systems

OLAV VADSTEIN

Norwegian University of Science & Technology

MANUEL POULAIN

INVE Aquaculture

Microbial management to precision farming in shrimp grow-out
